In a musical landscape over-saturated with mundane material, New York City based Emil McGloin offers a refreshing blend of musicianship and songwriting. His versatility with the guitar earns the respect of his musical peers, and his voice is uniquely his own, in both delivery and lyricism.

Emil has played in countless shows up and down both coasts, opening up for artists such as the Jon Butler Trio, Adrian Legg, George Clinton, Ben Kweller, Incubus, Spearhead and others.

Comfortable in different musical genres, Emil has also performed as a guitarist for hip hop acts such as Little Brother, Mobb Deep, Rhymefest, and Slick Rick da Ruler.
