HERMANN LAMMERS MEYER voted "SINGER OF THE YEAR" 2015 in Germany is an entertainer, singer, steel guitarist, banjo player and band leader! He tours regularly all over Germany with "THE EMSLAND HILLBILLIES" of which he is band leader! He has recorded in the southwest of Texas many a time with the likes of "Buddy Emmonns"" "Jimmy Day" "Johnny Bush" and hanging out with "Willie Nelson" and many other top world class entertainers! His recordings have topped the "Number One" on the "ECMA" European Country Music Association many, many times and other European music industry and worldwide charts!

Europe's most popular singer of Texas Dance Hall and Country Music, Germany's Hermann Lammers Meyer (HLM) has again journeyed to Nashville and had some wonderful musicians join him and his great voice in this brand new CD of 15 tunes plus one bonus track of a fantastic eclectic mix. It was produced by HLM, Juergen Koop and former Ray Price Cherokee Cowboy, Pete Wade, who is heard on electric guitars and Dobro.

In addition to Pete, HLM, a steel guitar player, chose possibly the world's most famous name in the steel guitar world alive today, Buddy Emmons to play pedal steel on the album. In addition, the great Buddy Spicher is heard playing fiddles, viola and mandolin, David Smith- bass, Gene Chrisman-drums, Rodger Morris-piano, Jimmy Capps and Zille- guitars and Rolf Sieker-banjo. Becky Hobbs plays piano and joins Hermann vocally on Hermann's Nashville Cats Boogie. Another steel guitar favorite, Jim Loessberg plays drums on Merle Haggard and Bonnie Owens' Just Between the Two of Us. The angelic voiced Laney Hicks joins HLM on this one and also on Willie Nelson's Mr. Record Man. The backup voices joining Hermann on the album are The Callaways (Lois Johnson and Sudie Baker), Lillie Mae Rische, David Spicher, and HLM himself, who is also heard on guitar. Lois Johnson is also heard joining Hermann for a duet on HLM's own album title tune 1961- A Love Song. A country music legend, Dusty Owens, duets with Hermann on the Conway Twitty memory 15 Years Ago.

Another country favorite is the Ned Miller composition and hit Do What you Do Do Well. Bonnie and Delaney gave us Never Ending Song of Love, The Kinks did Days and What Goes on is from the Beatles. HLM brings all of these back and also does the awesome Texas dance hall sound of Fastest Growing Heartache in the West from Ringo Starr. A couple others with that super Texas dance hall sound, both written by Hermann are Alley of Shame and Neon Leon. The beautifully voiced Annie B joins HLM for another of Hermann's originals, a waltz, So What Am I Doin'. Another HLM original is The Radio Song, a very interesting sound. The remaining tunes are Run to the Door and the bonus track, Hermann's penned instrumental, Emslaendler.
