## **Enrique Javier Lopez.**

I'm from Phoenix, Arizona. I have 19 years and I'm in college. I love music and sports, singing solo and I have a mariachi production was recorded in the summer of 2009 in Mexico City with one of the best arrangers in the country. My hobbies are music, soccer and surfing. My favorite food is Mexican but I also love Colombian food. I love the Italian ice cream.

I started singing when I was 13, I had always loved to sing and had asked my parents I wanted to take voice lessons, but they preferred the piano when I was in ninth grade in school was a musical and we all had to participate so when I heard that song, I got the role, the musical was Joseph and his coat of colors, so sing 14 songs in the musical and there my parents realized my talent, and I immediately got a voice teacher. I started singing in the church special, then formed a group with my brothers for two years, on one occasion I was privileged to meet Juan Carlos Rodriguez, who is the producer of this new album and has been encouraging me to sing solo, sing is my passion, especially singing to Jesus my Savior. My goals are to get to sing professionally and study medicine because I like what my parents do, so I want to be a doctor.
