The Dream Logic is made up of multi-instrumentalist and composer, Charles Compo, drummer Camille Gainer and bassist Jerry Brooks. The band was founded in 2012 and released their first eponymous record in 2013, which featured Eric Krasno (Soulive), Mark Peterson (Vernon Reid, Cassandra Williams), James Casey (Trey Anastasio Band) and Mark Williams (The Legendary Roots Crew, Kool & The Gang). Since then, they've received great acclaim as a dynamic and unpredictable trio making impactful and progressive funk-rock music. [Jam Bands](#) has described their sonic soundscape as one that will "have you grooving, raging and rocking out."

Individually, the members of The Dream Logic aren't rookies dreaming of the big stages. Rather, they are seasoned veterans who individually have shared the stage and credits with pop, funk and soul superstars alike; playing with artists that range from Alicia Keys and Christina Aguilera, to Roberta Flack and Martha Reeves, and composing for big names such as Camila Cabello, Twyla Tharp and The Weeknd. That might explain why, when all together, the three of them create a sound that is undeniably air-tight.
