After 30 years of metal and Alternative rock, I fell in love with country music. Opened a country music entertainment company because there was nowhere to go to listen to country on the weekends locally, so I threw dozens of hoedowns in 2016 and promoted many Kick'n it Country in the park events in 2017. I was on a mission to bring country flavor back to NYC with Country Music, Karaoke and Line Dancing.

I re-discovered this music while cleaning out my shed in November of 2017 and could not believe what was created 20 years earlier and decided to have them countrified and release them . so here we are!
