Dedication, creativity, and a strong will are qualities that have served Zak McQueen well throughout his career. A native of Cleveland, GA, Zak moved to Memphis, TN to attend Visible Music College to further his musical ambition, and found encouragement while working as a Worship Leader. With an intense calling for the church, he continues to study Worship Leadership, write songs, and carry out God's will for his life, wherever that may take him.

While writing and performing songs, and leading Worship for many different diverse groups of people, Zak travels the world to spread a message of purpose and meaning to uplift the church from a depressed and oppressed persona. He is now working on his next release that will only continue to spread the message of God's love to the world.

From a strong Christian family, Zak finds most of his inspiration from the music of his past, which is music from the Church. While growing up in the church, he has always loved to gather with family and play music while everyone sings along. At age seven, he wrote his first song entitled "Love One Another", which continues to paint a picture of his heart.

While traveling with a family gospel in his early life, he developed an understanding of how the presentation of the gospel is extremely important. Some of the songs from his new project portray this idea, which are entitled, "Just You and Me," "Whatever It Takes," and "You Are More." With life moving faster than ever before, being recently married, graduated from college, and recording his first full-length album, Zak McQueen continues to work to spread God's message first in the most efficient ways possible.
